To Whom It May Concern:

Our dealerships, Mike Juneau's Brookfield Buick GMC and Mike Juneau's Arrow Hyundai, have made a change in our credit card processing company this past year to our local dealer association program in partnership with Veteran Payment Systems.

The Auto Dealers Association of Mega Milwaukee (ADAMM) and Veteran program is performing as promoted. This program has greatly reduced our processing costs with savings in the thousands annually at both stores. There are no hidden fees, easy to understand statements and local personal representation, along with a seamless transition which was most important to our dealerships.

If you are looking for a credit card processing company that delivers on a low price, great service and truly understands the auto industry, consider Veteran Payment Systems for your business.

Regards,

Mike Juneau
